to me, Char ▾

I am sorry to see your resignation. I am also sorry to see that you have decided that helping resolve some projects will be difficult for you, including the email blasts with your contact on it.. I would like to have access to this account. And am not sure where the access is And then we will remove the account.

Also, I am going to need to pick up the northern lights film festival artwork today before I head north, so that I can get it to an appropriate place to complete that project. If I am unable to pick this up, I will ask char to pick this up and any other honor information which you have which is proprietary. I had offered you some hours for completing these jobs, I understand that you are not interested in those hours, which of course means a lot of work for me, but I am ready for it.

I have very much affection and love for you as a young woman, but hope you understand that the breach of confidentiality which occurred and the consequences of your behavior to your own relationship with honor. Obviously, this continues is a challenge for me as we strive to do the important work we are doing. Since you had proprietary access to my personal email accounts, and have also decided to speak to my friends and honor's donors, it would be helpful to know who I now need to speak to, to follow up on your defamation of the organization and myself as well as other contract employees.

I am asking you to cease and desist saying disparaging things about myself and the organization, as I do not think it is helpful to our movement, nor to your continued political work in this realm.

I do hope that you will be able to do good political work in the future.

With respect and best hopes for you.

Exhibit C

**Winona LaDuke**

□ 8:50am

people are clear that it's about mike not our work, but there's the rumor that we've hired a pedophile. there is no legal basis for this, only a rumor and knowing mike I do not believe this rumor. you and I know how bad people can talk smack. my cousin .. terri and many others continue to stand by mike and his relationship with the young men of our community. as a survivor.

**Winona LaDuke**

□ 8:51am

i don't want to carry his bags.. asked him to work on a way to address it himself but at the same time, have to have one on one conversations with frank wain and now dallas goldtooth about this. because folks have talked to them.... and i want to remain principled.

**Paul DeMain**

□ 8:53am

Then I think the next step for you Winona is a one on one with Dallas and Frank.

Was Mike ever charged or investigated for any of this?

Exhibit D

**Winona LaDuke**

□ 8:39am

hey there.. thanks for helping on this. I just want you to know that I confidentially checked out the story with my relative Terri Laduke in cass lake, and she really does think mike's version is the correct one as well. I am good to do more investigating. and await board direction. in the meantime I am working to put together some rocking event.

**Paul DeMain**

□ 8:48am

The question might be with rumors and others actions by other organizations what will the damage be to HTE, true or not kind of thing. If what is being said is untrue, then

HTE might want to take some. against these other organizations? And at some point, that kind of stuff, or a press release in response only brings more attention to the issue.

On the other hand we may want to do nothing and move on if the this is just a character assassination -- it would be up to Mike to respond legally or otherwise.

lyi will try find out about namoi n al paulson. Geez his name sounds familiar. I know theres lotsa talk about Mike as a pedophile. First heard rumors from ugly ol mark rolo in 90s! But thought what would he know!

The canvas itself is poster size, so wouldn't have to rezize much

Winona LaDuke

2/2, 8:03am

I think that mike is two sprit and probably did have sex with this guy.. and that was not good for either of them. and the guy s mom .. hmmm. I don't think mike is a predeator or pedophile as he's raised a lot of young men and there is no discussion sign or anything of that there's a lot of trust of him by young men and all of us. I would stand by that.

Exhibit F

Yeah lyi know. The family over here always recognized him as 2spirit. And loved him for his kindness to people. My sons respect him, he was their teacher. I met the boys he raised too. But big mistake made to experiment with that boy. Like, what?!? Sexual abuse survivors have very weak boundaries. Pray for stronger ones.

Winona LaDuke

□ 2/2, 8:07a

I think I have to stand with mike.

shit I am trying to have boundaries and im not even one of them.

Terri LaDuke

□ 2/2, 8:09a

For both men. Ya know? Don't fire mike. Or shun. If u love him for who he is, then that's what u stand by. Ok? I heard a lot of rumors. anyone in public arena is under attack half the time and wholly loved the other half. Mike should keep working thru the storm

Winona LaDuke

□ 2/2, 8:10a

I have to put him on administrative leave till I finish this event. and but I talked to him yesterday and told him I would keep up on the rest of the work with him. I believe him thanks for the level head.
